German Social Cohesion Panel

Established in 2021, the German Social Cohesion Panel (SCP) is a wide-ranging representative longitudinal study of private households in Germany, carried out in collaboration of the Research Institute Social Cohesion (RISC) and the German Socio-Economic Panel (SOEP).

The aim of the SCP Documentation is to thoroughly document the survey's data collection and data processing.

21 Occupational and Educational Attainment

pladder01 – Soc. ladder: own position, present

? Imagine a ladder representing the different social strata in Germany. At the top of the ladder, on the tenth rung, are the people who are doing best: They have the most money, the best education, and a highly prestigious job. At the bottom of the ladder, on the first rung, are the people who are doing the worst: They have the least money, the lowest level of education, and are unemployed or have a job that no one wants or respects. Please think about where you currently stand on the ladder. On a scale of 1 (bottom) to 10 (top), please indicate which rung of the ladder corresponds to _your current position_ in society. *(from: German Social Cohesion Panel/2021_1/Q32:pladder01[])*

ppanelcons – Panel willingness

? Further surveys are planned in this scientific study. We need to keep your address to reach you again for this purpose. The German Data Protection Act only allows storing your address if you agree. Your address will be kept separate from the survey and solely for 'Living Together in Germany' follow-up surveys. Participation in subsequent surveys is voluntary, of course. Your address will never be associated with your responses. Your information will remain anonymous. Your continued support for our study is crucial. We would be very grateful if you can continue to support us. Do you agree? *(from: German Social Cohesion Panel/2021_1/Q54:ppanelcons[])*
